Skills

Frontend developer with experience building responsive web applications using HTML, CSS, JavaScript, and modern development tools. Passionate about creating user-friendly interfaces and leveraging AI-assisted workflows to improve development efficiency, problem-solving, and productivity.

Experience

Frontend Developer

2024 – Present

- Designed and developed **Glow Vita**, a responsive skincare brand website featuring product showcases, company information, and an integrated email communication system for customer inquiries.
- Built a modern **Search Web Application** with a clean user interface, intuitive navigation, and optimized responsiveness across desktop and mobile devices.
- Created an **Expense Tracker Application** that enables users to monitor income and expenses, visualize spending patterns, and manage personal finances effectively.
- Implemented responsive design principles to ensure seamless user experiences across various screen sizes and devices.
- Utilized **Git and GitHub** for version control, project management, and public portfolio hosting.
- Leveraged modern development tools and AI-assisted workflows to improve coding efficiency, debugging, and feature implementation.
- Applied best practices in frontend development, including semantic HTML, maintainable CSS architecture, and modular JavaScript code.

Education

2019 - 2024

Bachelor of Science (B.Sc.) in Electrical Engineering

Rivers State University

Nkpolu-Oroworukwo, P.M.B. 5080,

Port Harcourt, Rivers State, Nigeria.
